TAMPERE

## CERTIFICATE

.....

Karthhic Ramachandran Ponnalagi

has participated in the

project “Power with the Flow” with  
the project partner Coheros Oy  
(28.9.2017–12.12.2017)

as part of the  
**Demola**  
co-creation platform

Karthhic Ramachandran Ponnalagi was part of a multidisciplinary and international team whose innovation challenge was to design and build a self-powered and IoT-based solution that can measure the flow of fluids in pipes. His responsibilities included e.g. programming and testing the IoT device for wireless communication.

In Tampere, 13 April 2018
